

International Leadership Institute (ILI) National Conference Abuja, Nigeria March 12TH – 16TH, 2018

Shalom Global Missionary Outreach with joy announces the completion of the ILI National Conference Abuja, 2018.

The training took place at Elim Top Suites & Apartments Bwari, Abuja from 12th-16th March 2018.

In attendance were 34 persons: 5 faculty members and 29 participants.

The most exciting thing is that the ILI African Director Bishop Thangana from Kenya was in the training in person and handled most of the topics.

Faculty & Participants Praying

Since I attended ILI training in Malawi in 2017, my life has never been the same. The strongest lesson I derived from that training was this "it is not all about me but about God and His kingdom". A slogan that I also returned with was "think big, start small and start now". By the grace of God and with the fire in my bones, I returned to organize this conference in Abuja Nigeria. ILI is a must-do training for any person who desires to work for God especially Christian leaders. Training and empowerment of Christian leaders is one of the cardinal objectives of the Shalom Global Missionary Outreach and I am grateful to God for making this a huge success.

Already, about 3 groups of participants are planning to do their training between now and June, and I believe God that I will be able to meet my target of training 1000 Christian leaders this 2018.

Please continue to pray for us.
